$45,000 WORLD'S RECORD FOR BULL

BLACKCAP BERTRAM, HEAD OF CALDWELL HERD, SOLD TO ILLINOIS STOCKMAN

A CONSISTENT WINNER

Eritus, Daughter, Also a Champion at Big Stock Shows—Leaders of Aberdeen-Angus Strain.

A new world's record of $45,000 for an Aberdeen Angus bull, was established early this week when L. C. Canum of Aledo, Ill., purchased Blackcap Bertram, head of the Caldwell herd, from the latter company at Burlington Junction.

The record for the bull beats all former marks made in either Scotland the home of the breed, or in America.

Blackcap Bertram has been the property of C. D. and E. F. Caldwell since a yearling, and has made a wonderful record at stock shows throughout the country. Two years ago he was the champion at the big international stock show at Chicago.

In addition to his own record the bull has the added distinction of being not only a champion himself, but also the sire of champions. Eritus, his daughter, won the Junior and Grand Championship prizes at the Missouri State Fair last year. Later in the season this heifer was made the Junior champion at the International Live Stock Exposition at Chicago.

Mr. Canum, purchaser of the animal, is a prominent farmer and banker of Illinois. He has been engaged in the breeding of high grade Aberdeen-Angus cattle for several years, and will use Blackcap Bertram to head the fine herd which he already possesses.

The Caldwells are known throughout the United States as leading breeders of the Aberdeen-Angus strain, and have been consistent winners in all lines at the big stock shows.

PLANNING IMPROVEMENTS AT BOVARD CORNERS

Lewis White Promises to Donate Land for the Cut-off; Will Make Crossing More Safe for Traffic.

Lewis White, owner of property adjoining the Bovard corners southeast of this city, has made the announcement that he will donate enough land to permit the corner to be rounded off, allowing more room for traffic to pass.

The narrowness of the road at this point makes the corner a dangerous one, and the residents of that locality have started plans for the new improvement. Telephone and telegraph companies have moved their poles back several feet to facilitate the work.

WILSON GIVEN OVATION BY BELGIAN CROWDS

President Makes Short Speech at Brussels—Will Return to Paris Tomorrow for Work on Austrian Treaty.

Brussels, June 19.—The freedom of the city was conferred upon President Wilson here today, while outside of the city hall where the ceremony took place thousands of Belgians cheered and clamored for a glimpse of the President. Wilson replied in a short speech in which he thanked Brussels for the honor conferred upon him and Belgium for the whole souled welcome she has given him and his party during their visit. The President plans to leave tonight, getting back to Paris tomorrow to resume work on the Austrian treaty.

AMERICAN TROOPS WAITING THE TREATY SIGNATURE

Word has been received from Walter S. Todd, with the 21st Field Artillery, 5th Division, stationed at Dudelange, Lu., that the official sailing orders have been remanded and that the division will be held at Dudelange pending a possible removal into Germany. The division had been issued orders to be ready to sail for the States between the first and eleventh of June. Walter wrote that the entire division was in readiness to move on short orders and that most of the artillery and motor supplies had been moved near Coblenz.

Clifford Coile, a son of Rev. and Mrs. S. A. Coile, is attached to the 7th Engineers Corps of the same division.

Washington, June 19.—Doom of the daylight saving law, inaugurated as a war measure, was pronounced yesterday by congress, both senate and house adopting by overwhelming votes measures to terminate operation of the law when the period of summer time ends next October 26.

The house, following three hours' debate by a vote of 233 to 132, passed a bill to repeal the law on the last Sunday in next October, but rejected an amendment to make the repeal effective at once.

The senate, by a vote of 56 to 6, after brief discussions, added a rider to the agricultural appropriation bill providing for repeal of the daylight measure on the same date fixed by the house bill.

The senate measure now goes to conference with the agricultural bill and the house bill is to be sent to the senate. It is considered likely that senate amendments will be finally substituted for the house measure.

ABOUT ONE WHO GAVE "HIS ALL"

THE TRUE ACCOUNT OF HOW ROY D. HUNTERSON MET DEATH

WRITTEN BY HIS 'BUDDY'

The Dead Hero Had His Rifle Grasped Tightly and a Smile Upon His Face Son of Dr. D. J. Hunterson, Ravenwood.

The following information is furnished so that all the friends of Roy D. Hunterson, son of Mr. and Mrs. D. J. Hunterson of Ravenwood, and one of Nodaway's first "gold star" men, may know the truth about one who gave "his all" for his country. It seems that there have been conflicting reports as to whether the dead hero died from wounds received in battle or died of meningitis in a hospital in France. The War Department reported the latter some time ago, but the father has since received other information and asks that the following letter from a "buddy over there" be published, telling of the last time he saw Roy. The letter follows:

Dear Doctor:—As I received your welcome letter today at noon I will try and give you all the information that I can but it isn't much and I don't like to talk or even think about it, but I'll do my best.

I don't remember just the day or the date this happened but whenever it was my company and myself left La Haure with a convoy of gasoline trucks for the airplanes but we didn't know where we were to take them, so when we got as far as Paris my company was detailed to go to the lines for the purpose of hauling ammunition. It was August 22 when we came in near the lines at Toul. Well, doctor, I can't explain just how it all happened but there were fourteen comrades, including myself, detailed to deliver the ammunition. The front where we were situated was shaped like a horseshoe and we had to go up into this place. After we passed through the camouflaged road we were under heavy artillery and machine gun fire from the enemy aviators flying over us.

When we were two kilometers from the place where we were to unload our trucks the boys had just advanced and ,in order to get through with the heavy trucks, it was necessary to help move some men who had just been killed or wounded. Just as I stepped from my truck there was a big explosion and I don't remember much about it. I remember they were taking the boys away and I remember seeing the face of your boy, which is as familiar to me as my mother's face. His face was in perfect condition but the back part of his head was mashed up in pretty bad shape. On his identification tag was stamped Roy B. Hunterson, U. S. A. and his number but I didn't have time to see what that was. His uniform looked as if he had received a bayonet wound but it was hard for me to tell, for we had to work so fast.

Out of the fourteen of my company that went into that place only five came out alive. Well, doctor, the last I saw of Roy he was put in that ambulance and taken to the rear. I was certain that he had not suffered much from wounds for he was still holding his rifle in one hand and there was a faint smile on his face. I don't know whether he had been wounded and left behind or whether he was killed when the big explosion came or not. I lost the hearing of my right ear at that time and two days later I was shot through the right arm and two pieces of shrapnel went through my left leg.

Well, doctor, if I can I will do all I can toward getting a photo of the place for you. I will write you again soon. I am trying to get a fourteen day leave of absence and, if I do, I will do my best for you. Tell Aunt Nan that I received her letter and will answer as soon as possible.

Well, I must close. Answer soon.

Lovingly,

PVT CLIFFORD C. COMBS.

ALLIES TO ARREST LEADERS IF THEY INVADE HUNLAND

Paris, June 19.—If the Allies are compelled to invade Germany, one of the first measures taken will be to round up and arrest the leaders responsible for the war, in the first place as well as the leaders who proposed signing the treaty and then countenanced resistance, this was learned authoritatively today.

ALIEN CUSTODIAN ASKS CONFIRMATION SET ASIDE

Alleges That Property Taken From Aliens Was Sold at too Low a Figure—Judge John Dawson Sitting in Case.

An interesting case was being argued in circuit court this afternoon before Judge Dawson to have a confirmation of sale set aside by the alien property custodian of the United States in the case of William Yeary against Emilie Brant and August Merten.

According to the petition field by the alien custodion by his attorneys, Fred P. Robinson and M. E. Ford, it states that the alien property custodian of the United States on April 24, 1010, seized all of the right, title and interest of Emilie Brant and Augusta Merten in some property, consisting of a house and two lots in Ravenwood, having previously found that they were the United States on April 24, 1919, were living in Germany. The property was left to them by Frederick Jacobs.

At the April term of circuit court, a foreclosure notice was ordered and the land was sold May 3, James B. Horton buying the property for $500. The final decree was entered May 17. The property was sold by Sheriff Dowden.

According to the petition of the custodian, it further states the property sold too low and that the United States was thereby defrauded out of an amount of $500 to $1,000. They ask that final judgment of the confirmation of the sale and the order of distribution be made, be vacated and set aside and that said cause be continued until the next term of court.

GERMAN ASSEMBLY TO DECIDE ACTION

FIVE FOR SIGNING, FOUR AGAINST AND FIVE UNDECIDED

HUN OPINION IS DIVIDED

Strong Possibility That Present Government Will Be Replaced by Ministry Which Will Sign Up at Once.

Weimar, June 19.—Five members of the present German cabinet favor signing the treaty. Four are opposed, and five others including Premier Scheidemann have not yet made up their minds This information was furnished the International News Service today by a leader of the Democratic party, who insisted that the cabinet crisis was imminent. From other sources it was learned that it was strongly possible that the present government would be replaced in a few days with the Erzberger-Richtofen ministry, which will sign.

Paris, June 19.—Advices from all parts of Germany received today indicate distinct differences of opinion regarding the signing of the treaty. The sentiment in Southern Germany, which would suffer invasion by the Allies in the event that Germany refuses to sign favors acceptance of the terms, while the northern provinces are opposed. "Vorwaerts" declared the only solution to be the taking of a popular vote.

Weimar, June 19.—The majority Socialists in the National Assembly in session here will decide whether Germany accepts the terms imposed by the Allies or rejects them. On which side they will cast their vote when the treaty comes up for consideration can not be stated at present; however, several Socialists gave an International News representative the impression that they will agree to sign. The position of the Catholic Center party and Independent Socialists is not clear but it is reported that they will finally sign.

Paris, June 19.—A "Search" dispatch to "Matin" today reported that the memorandum submitted to the German cabinet by the peace delegation recommending rejection of the peace terms received the support of every member of the peace delegation.

Copenhagen, June 19—The fall of the Scheidemann cabinet and the formation of a new one headed by Mathias-Erzberger was considered certain in view of dispatches from Weimar today. The dispatch stated that the German Democratic party would undoubtedly vote against the signing of the treaty, if the majority of the Socialists vote for the signing, it is considered likely that a split will likely be so irreconcileable that a new cabinet will be assured.

A Berlin telegram today confirms the impression that the Germans will sign. Considerable uneasiness has been caused by the fighting at Weimar and the industrial unrest.

Kicking the Farmer

Lots of folks are kicking about the farmer—"the poor, misdirected, misguided, inefficient farmer"—you know how they talk. Why, they're so busy kicking about him, says

The COUNTRY GENTLEMAN

that they don't realize how vastly more inefficient they are themselves. Look at the storekeeper—a lot of nerve he has, complaining about the farmer's inefficiency, when the percentage of store failures is 'way greater than that of farm failures!

And look at Congress—was ever anybody more inefficient than were our law-makers during the war? I should say not! Fact is, it's a popular thing—in the cities and towns—to lambaste the farmer for *everybody's* faults. Somebody's got to be the goat; kick the farmer, they say.
But those folks are figuring without THE COUNTRY GENTLEMAN. It is on the job *for* the farmer with both feet, every week, fifty-two times a year. The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trumpet When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety.
Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.
The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.
Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.
Write the Bradfield Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

Comfort, Economy and Efficiency

Will be your motto in the kitchen these hot days, if you have a good oil stove included in your kitchen equipment. It means COMFORT—for you have a cool kitchen; it means ECONOMY—for it wastes no fuel, and it means EFFICIENCY—for it is easy and quick of operation and every bit of heat is concenerated close under the cooking.

It means perfect baking—for it is very easily regulated. You can have a quick intense heat, or a slow simmering blaze. In fact, you can do any kind of cooking with perfect results.

We have the PURITAN, FLORENCE AND NEW PERFECTION oil stoves. Come in and let us show you the advantages of an oil stove in hot weather.

MICKEY

Will Be Presented at the Empire Tonight and Tomorrow Night.

The announcement that "Mickey," Mack Sennett's $300,000 comedy masterpiece, will be presented at the Empire tonight and tomorrow night. This will no doubt be a welcome bit of news to local patrons of moving pictures.

"Mickey" is a blending of every human emotion. Yet the story, with its comedy, its romance, its pathos, and wonderful thrills, is of the simplest sort. Plain and straightforward as the plot itself is, the element of surprise is ever in view.

The title of the play is also the name of the leading character—a lovable, haru-scarum little tomboy, who is always getting into all kinds of scrapes that make you laugh and cry—whether with Old Joe in the mining district, or later with her aunt in the city. From the village setting to the contrasting scenes in the home of Mickey's aunt, there is ever an atmosphere of reality.

Kramer's Rebuilt Tires

A GUARANTEED TIRE AT ABOUT ONE-HALF THE PRICE OF STANDARD TIRES.

Hundreds of them are on the road today, serving the same purpose for the car owner as tires that cost twice as much.

Tires do not, as a rule, wear out all over—they have worn spots, the tread worn worn off—but in most cases the side walls and rims are as good as when the tire was new.

We use these side walls and rims as a base for the rebuilt tire, put in new fabric where that in the carcas is worn, apply an entirely new tread and make the tire practically as good as new for about one-half the price of a new one.

We have in the past year doubled and trebled our output of rebuilt, retreaded and repaired tires, and we never have been able to, nor can we today, fill all our orders in all sizes for our rebuilt tires.

We build and repair tires for the car owner and also rebuild and repair tires for sale.

Our repaired tires are tires that have had a blow-out or cut place in the tread, and which we have repaired in first-class running condition. Many of them are good for thousands of miles and cost only $4.00 to $8.00 or $9.00, according to condition and size.

Rebuilt tires, which means entirely reconstructed, have a standard guarantee of 3000 miles in all sizes and cost about half the price of standard tires. AND REMEMBER THIS:—

No matter what kind of a tire you get at Kramer's—whether it be a repaired tire at $4.00, or $5.00, or our completely rebuilt tire, each and every tire is guaranteed to give a fair return in mileage for the price you pay.

$45,000 WORLD'S RECORD FOR BULL

BLACKCAP BERTRAM, HEAD OF CALDWELL HERD, SOLD TO ILLINOIS STOCKMAN

A CONSISTENT WINNER

Eritus, Daughter, Also a Champion at Big Stock Shows—Leaders of Aberdeen-Angus Strain.

A new world's record of $45,000 for an Aberdeen Angus bull, was established early this week when L. C. Canum of Aledo, Ill., purchased Blackcap Bertram, head of the Caldwell herd, from the latter company at Burlington Junction.

The record for the bull beats all former marks made in either Scotland the home of the breed, or in America.

Blackcap Bertram has been the property of C. D. and E. F. Caldwell since a yearling, and has made a wonderful record at stock shows throughout the country. Two years ago he was the champion at the big international stock show at Chicago.

In addition to his own record the bull has the added distinction of being not only a champion himself, but also the sire of champions. Eritus, his daughter, won the Junior and Grand Championship prizes at the Missouri State Fair last year. Later in the season this heifer was made the Junior champion at the International Live Stock Exposition at Chicago.

Mr. Canum, purchaser of the animal, is a prominent farmer and banker of Illinois. He has been engaged in the breeding of high grade Aberdeen-Angus cattle for several years, and will use Blackcap Bertram to head the fine herd which he already possesses.

The Caldwells are known throughout the United States as leading breeders of the Aberdeen-Angus strain, and have been consistent winners in all lines at the big stock shows.

PLANNING IMPROVEMENTS AT BOVARD CORNERS

Lewis White Promises to Donate Land for the Cut-off; Will Make Crossing More Safe for Traffic.

Lewis White, owner of property adjoining the Bovard corners southeast of this city, has made the announcement that he will donate enough land to permit the corner to be rounded off, allowing more room for traffic to pass.

The narrowness of the road at this point makes the corner a dangerous one, and the residents of that locality have started plans for the new improvement. Telephone and telegraph companies have moved their poles back several feet to facilitate the work.

Brussels, June 19.—The freedom of the city was conferred upon President Wilson here today, while outside of the city hall where the ceremony took place thousands of Belgians cheered and clamored for a glimpse of the President. Wilson replied in a short speech in which he thanked Brussels for the honor conferred upon him and Belgium for the whole souled welcome she has given him and his party during their visit. The President plans to leave tonight, getting back to Paris tomorrow to resume work on the Austrian treaty.

Walter wrote that the entire division was in readiness to move on short orders and that most of the artillery and motor supplies had been moved near Coblenz.

DAYLIGHT SAVING LAW PASSED BY CONGRESS

Guided by Wishes of Farmers.

Washington, June 19.—Doom of the daylight saving law, inaugurated as a war measure, was pronounced yesterday by congress, both senate and house adopting by overwhelming votes measures to terminate operation of the law when the period of summer time ends next October 26.

The house, following three hours' debate by a vote of 233 to 132, passed a bill to repeal the law on the last Sunday in next October, but rejected an amendment to make the repeal effective at once.

The senate, by a vote of 56 to 6, after brief discussions, added a rider to the agricultural appropriation bill providing for repeal of the daylight measure on the same date fixed by the house bill.

The senate measure now goes to conference with the agricultural bill and the house bill is to be sent to the senate. It is considered likely that senate amendments will be finally substituted for the house measure.

ABOUT ONE WHO GAVE "HIS ALL"

THE TRUE ACCOUNT OF HOW ROY D. HUNTERSON MET DEATH

WRITTEN BY HIS 'BUDDY'

The Dead Hero Had His Rifle Grasped Tightly and a Smile Upon His Face Son of Dr. D. J. Hunterson, Ravenwood.

The following information is furnished so that all the friends of Roy D. Hunterson, son of Mr. and Mrs. D. J. Hunterson of Ravenwood, and one of Nodaway's first "gold star" men, may know the truth about one who gave "his all" for his country. It seems that there have been conflicting reports as to whether the dead hero died from wounds received in battle or died of meningitis in a hospital in France. The War Department reported the latter some time ago, but the father has since received other information and asks that the following letter from a "buddy over there" be published, telling of the last time he saw Roy. The letter follows:

Dear Doctor:—As I received your welcome letter today at noon I will try and give you all the information that I can but it isn't much and I don't like to talk or even think about it, but I'll do my best.

I don't remember just the day or the date this happened but whenever it was my company and myself left La Haure with a convoy of gasoline trucks for the airplanes but we didn't know where we were to take them, so when we got as far as Paris my company was detailed to go to the lines for the purpose of hauling ammunition. It was August 22 when we came in near the lines at Toul. Well, doctor, I can't explain just how it all happened but there were fourteen comrades, including myself, detailed to deliver the ammunition. The front where we were situated was shaped like a horseshoe and we had to go up into this place. After we passed through the camouflaged road we were under heavy artillery and machine gun fire from the enemy aviators flying over us.

When we were two kilometers from the place where we were to unload our trucks the boys had just advanced and ,in order to get through with the heavy trucks, it was necessary to help move some men who had just been killed or wounded. Just as I stepped from my truck there was a big explosion and I don't remember much about it. I remember they were taking the boys away and I remember seeing the face of your boy, which is as familiar to me as my mother's face. His face was in perfect condition but the back part of his head was mashed up in pretty bad shape. On his identification tag was stamped Roy B. Hunterson, U. S. A. and his number but I didn't have time to see what that was. His uniform looked as if he had received a bayonet wound but it was hard for me to tell, for we had to work so fast.

Out of the fourteen of my company that went into that place only five came out alive. Well, doctor, the last I saw of Roy he was put in that ambulance and taken to the rear. I was certain that he had not suffered much from wounds for he was still holding his rifle in one hand and there was a faint smile on his face. I don't know whether he had been wounded and left behind or whether he was killed when the big explosion came or not. I lost the hearing of my right ear at that time and two days later I was shot through the right arm and two pieces of shrapnel went through my left leg.

Well, doctor, if I can I will do all I can toward getting a photo of the place for you. I will write you again soon. I am trying to get a fourteen day leave of absence and, if I do, I will do my best for you. Tell Aunt Nan that I received her letter and will answer as soon as possible.

Well, I must close. Answer soon.

Lovingly,

PVT CLIFFORD C. COMBS.

ALLIES TO ARREST LEADERS IF THEY INVADE HUNLAND

Will First Pick up Persons Responsible for War and Then Arrest Dissention Leaders.

Paris, June 19.—If the Allies are compelled to invade Germany, one of the first measures taken will be to round up and arrest the leaders responsible for the war, in the first place as well as the leaders who proposed signing the treaty and then countenanced resistance, this was learned authoritatively today.

ALIEN CUSTODIAN ASKS CONFIRMATION SET ASIDE

Alleges That Property Taken From Aliens Was Sold at too Low a Figure—Judge John Dawson Sitting in Case.

An interesting case was being argued in circuit court this afternoon before Judge Dawson to have a confirmation of sale set aside by the alien property custodian of the United States in the case of William Yeary against Emilie Brant and August Merten.

According to the petition filed by the alien custodion by his attorneys, Fred P. Robinson and M. E. Ford, it states that the alien property custodian of the United States on April 24, 1010, seized all of the right, title and interest of Emilie Brant and Augusta Merten in some property, consisting of a house and two lots in Ravenwood, having previously found that they were the United States on April 24, 1919, were living in Germany. The property was left to them by Frederick Jacobs.

At the April term of circuit court, a foreclosure notice was ordered and the land was sold May 3, James B. Horton buying the property for $500. The final decree was entered May 17. The property was sold by Sheriff Dowden.

According to the petition of the custodian, it further states the property sold too low and that the United States was thereby defrauded out of an amount of $500 to $1,000. They ask that final judgment of the confirmation of the sale and the order of distribution be made, be vacated and set aside and that said cause be continued until the next term of court.

GERMAN ASSEMBLY TO DECIDE ACTION

FIVE FOR SIGNING, FOUR AGAINST AND FIVE UNDECIDED

HUN OPINION IS DIVIDED

Strong Possibility That Present Government Will Be Replaced by Ministry Which Will Sign Up at Once.

Weimar, June 19.—Five members of the present German cabinet favor signing the treaty. Four are opposed, and five others including Premier Scheidemann have not yet made up their minds This information was furnished the International News Service today by a leader of the Democratic party, who insisted that the cabinet crisis was imminent. From other sources it was learned that it was strongly possible that the present government would be replaced in a few days with the Erzberger-Richtofen ministry, which will sign.

Paris, June 19.—Advices from all parts of Germany received today indicate distinct differences of opinion regarding the signing of the treaty. The sentiment in Southern Germany, which would suffer invasion by the Allies in the event that Germany refuses to sign favors acceptance of the terms, while the northern provinces are opposed. "Vorwaerts" declared the only solution to be the taking of a popular vote.

Weimar, June 19.—The majority Socialists in the National Assembly in session here will decide whether Germany accepts the terms imposed by the Allies or rejects them. On which side they will cast their vote when the treaty comes up for consideration can not be stated at present; however, several Socialists gave an International News representative the impression that they will agree to sign. The position of the Catholic Center party and Independent Socialists is not clear but it is reported that they will finally sign.

Paris, June 19.—A "Search" dispatch to "Matin" today reported that the memorandum submitted to the German cabinet by the peace delegation recommending rejection of the peace terms received the support of every member of the peace delegation.

Copenhagen, June 19—The fall of the Scheidemann cabinet and the formation of a new one headed by Mathias-Erzberger was considered certain in view of dispatches from Weimar today. The dispatch stated that the German Democratic party would undoubtedly vote against the signing of the treaty, if the majority of the Socialists vote for the signing, it is considered likely that a split will likely be so irreconcileable that a new cabinet will be assured.

A Berlin telegram today confirms the impression that the Germans will sign. Considerable uneasiness has been caused by the fighting at Weimar and the industrial unrest.

Kicking the Farmer

Lots of folks are kicking about the farmer—"the poor, misdirected, misguided, inefficient farmer"—you know how they talk. Why, they're so busy kicking about him, says

The COUNTRY GENTLEMAN

that they don't realize how vastly more inefficient they are themselves. Look at the storekeeper—a lot of nerve he has, complaining about the farmer's inefficiency, when the percentage of store failures is 'way greater than that of farm failures!

And look at Congress—was ever anybody more inefficient than were our law-makers during the war? I should say not! Fact is, it's a popular thing—in the cities and towns—to lambaste the farmer for *everybody's* faults. Somebody's got to be the goat; kick the farmer, they say.
But those folks are figuring without THE COUNTRY GENTLEMAN. It is on the job *for* the farmer with both feet, every week, fifty-two times a year. If you want to know *how*, let me lend you my copy to read. After seeing only one copy, you'll say: "Put my name on the subscribers' list. How much? Only one dollar? Cheap at the price." The Wonderful Cell Which Baby Comes

Like the Blast of Heavenly Trumpet When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety.

Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.

Write the Bradfield Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.

Comfort, Economy and Efficiency

Will be your motto in the kitchen these hot days, if you have a good oil stove included in your kitchen equipment. It means COMFORT—for you have a cool kitchen; it means ECONOMY—for it wastes no fuel, and it means EFFICIENCY—for it is easy and quick of operation and every bit of heat is concenerated close under the cooking.

It means perfect baking—for it is very easily regulated. You can have a quick intense heat, or a slow simmering blaze. In fact, you can do any kind of cooking with perfect results.

We have the PURITAN, FLORENCE AND NEW PERFECTION oil stoves. Come in and let us show you the advantages of an oil stove in hot weather.

MICKEY

Will Be Presented at the Empire Tonight and Tomorrow Night.

The announcement that "Mickey," Mack Sennett's $300,000 comedy masterpiece, will be presented at the Empire tonight and tomorrow night. This will no doubt be a welcome bit of news to local patrons of moving pictures.

"Mickey" is a blending of every human emotion. Yet the story, with its comedy, its romance, its pathos, and wonderful thrills, is of the simplest sort. Plain and straightforward as the plot itself is, the element of surprise is ever in view.

The title of the play is also the name of the leading character—a lovable, haru-scarum little tomboy, who is always getting into all kinds of scrapes that make you laugh and cry—whether with Old Joe in the mining district, or later with her aunt in the city. From the village setting to the contrasting scenes in the home of Mickey's aunt, there is ever an atmosphere of reality.

MAITLAND NINE TO BE HERE SUNDAY 'LOADED FOR BEAR'

Determined to Avenge Previous Defeat —Manager Black Arranging a Classy Schedule of Games.

Manager Black of the Maryville Federals, has been putting in some good licks during the past few days on his schedule, and has succeeded in booking a number of classy teams for games on the home lot next month.

Next Sunday the Feds will play a return engagement with the Maitland nine at Fair grounds park. Maitland was trimmed here two weeks ago by the Feds in an exciting 6 to 5 game, and according to the dope from that camp, will come here "loaded for bear" Sunday.

The following Sunday, June 20, the Federals will take on the fast Stuppy Floral team of the St. Joseph Commercial League. July 6, Gentry or Albany will be the opponents and on July 13, Black has a game booked with the Agency, Mo., nine.

Shenandoah is the foe for July 20.

Manager Black stated today that a game with the Chase team of St. Joe is pending, and it may be that the present schedule will be rearranged if the deal goes through.

The local team has been putting up a good brand of ball, and the coming games are bound to prove big drawing cards for the local fans. Manager Black made the announcement today that several new players will soon be seen in Federal uniforms.

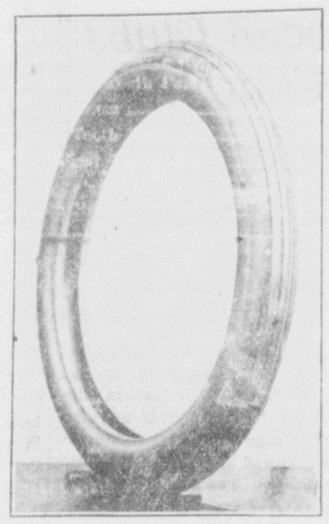
Kramer's Rebuilt Tires

A GUARANTEED TIRE AT ABOUT ONE-HALF THE PRICE OF STANDARD TIRES.



Hundreds of them are on the road today, serving the same purpose for the car owner as tires that cost twice as much.

Tires do not, as a rule, wear out all over—they have worn spots, the tread worn worn off—but in most cases the side walls and rims are as good as when the tire was new.

We use these side walls and rims as a base for the rebuilt tire, put in new fabric where that in the carcas is worn, apply an entirely new tread and make the tire practically as good as new for about one-half the price of a new one.

We have in the past year doubled and trebled our output of rebuilt, retreaded and repaired tires, and we never have been able to, nor can we today, fill all our orders in all sizes for our rebuilt tires.

We build and repair tires for the car owner and also rebuild and repair tires for sale.

Our repaired tires are tires that have had a blow-out or cut place in the tread, and which we have repaired in first-class running condition. Many of them are good for thousands of miles and cost only $4.00 to $8.00 or $9.00, according to condition and size.

Rebuilt tires, which means entirely reconstructed, have a standard guarantee of 3000 miles in all sizes and cost about half the price of standard tires. AND REMEMBER THIS:—

No matter what kind of a tire you get at Kramer's—whether it be a repaired tire at $4.00, or $5.00, or our completely rebuilt tire, each and every tire is guaranteed to give a fair return in mileage for the price you pay.
